### ADDITIONAL GUIDANCE

There are a number of things Manitobans can do themselves to reduce the spread that go beyond the restrictions put in place. These include:

- Wear a mask in all indoor public places and at all gatherings (indoor and outdoor).
- Reduce the number of shoppers from your household to the lowest possible number. Send only one person to shop.
- Avoid closed-in or crowded spaces.
- Limiting contacts from outside your household is strongly encouraged.
- Remember all those you have come in contact with recently.
- Work from home if at all possible.
- Practice social distancing, hand washing/sanitizing and cough etiquette.
- Wash/sanitize your hands, cover your cough and physically distance when you must be with people outside your household.
- Vulnerable people, such as seniors, are encouraged to exercise additional caution.
- Get a flu shot.
- Stay home when sick.
- Follow public health guidance on travel and self-isolation.
- Individuals identified as having COVID-19 or a close contact of someone with COVID-19 must immediately enter mandatory isolation/self-isolation (quarantine) until public health officials advise they can end isolation/self-isolation (quarantine). ### CONFIRMED CASES AND CLOSE CONTACTS:

- Individuals identified as having COVID-19 or a close contact of someone with COVID-19 must immediately enter mandatory isolation/self-isolation (quarantine) until public health officials advise they can end isolation/self-isolation (quarantine).
- Household members or close contacts of a person or persons with COVID-19 must immediately go into mandatory self-isolation (quarantine) for 14 days from the last date of exposure and call Health Links--Info Santé (204-788-8200 or 1-888-315-9257) if they develop symptoms.
